

Evolutionary Progressions

100 3-STEP STEPS OF DEVELOPMENT (ORGANIZED ALPHABETICALLY)

What are these???

Evolutionary progressions are the next evolutionary progression of distinctions. Distinctions, as you probably know, are two generally synonymous words where one of the two is a bit more 'evolved' than the other, like power and strength, which strength being more evolved as a way of living than power is.

USING THESE PROGRESSIONS

You would share a progression from this list with a client who was in the middle of a transition, developmental process and/or evolution. For example, if you're working with a client who's a busy networker but doesn't seem to benefit financially from those efforts. You would want to introduce the following evolutionary progression:

Network > Community > Partnerships

They are obviously getting stuck at the networking stage.

THE LIST OF PROGRESSIONS

accept > integrate > assimilate
accept > understand > forgive
acquire information > study > learn
appreciation > thankfulness > gratitude
ask > challenge > evoke
attentive > present > connected
automated > integrated > transparent
awareness > recognition > acceptance
basic > advanced > meta
boundaries > requirements > standards
ceo > leader > visionary
change > shift > evolve
cognitive learning > experiential learning
> cellular learning
competence > expertise > mastery
competition > cooperation > cooptation
concept > principle > message
content > context > meaning
contribution > gift > legacy
courageous > confident > fearless
decide > choose > respond
definition > comparison > distinction
discover > synthesize > create
discuss > create > collaborate
do > deliver > accomplish

efficient > productive > effective
ego > humanness > self
ended > finished > complete
energy > focus > strength
enjoyment > caring > love
experiment > innovate > invent
facts > context > accuracy
features > benefits > value
financial reserve > financial ind > wealth
flow > connection > energy
forever > eternity > present
gratification > satisfaction > fulfillment
help > assist > support
honest > genuine > authentic
honesty > responsibility > integrity
hope > faith > trust
hypothesis > thesis > theory
important > key > pivotal
improve > develop > empower
improve > excel > attain
improve > reinvent > transform
information > knowledge > wisdom
informative > constructive >
unconditionally constructive
initiate > effectuate > cause
integrated > balanced > effortless
integrity > peacefulness > harmony
interact > exchange > engage
interdependent > interdevelopmental >
intermagical
interpretation > reality > truth
know > feel > is
lead > prospect > buyer
level of desire > deservingness >
havingness
linear coaching > intuitive coaching >
lazer coaching
listen > experience > develop
listen > hear > get
manage > guide > influence
measure > compare > understand
morals > ethics > character

motivated > challenged > inspired
network > community > partners
niche > specialty > reputation
notion > concept > principle
obligation > duty > responsibility
organize > systematize > automate
overpromise > promise > underpromise
payback period > return on investment >
economic value added
plan > system > model
position > perspective > paradigm
positioning > timing > synchronicity
product > brand > franchise
product economy > service economy >
experience economy
profit > return on invest > opportunity cost
progress > performance > breakthrough
purpose > mission > vision
react > respond > overrespond
relief > freedom > absence of
revenue > net profit > cash flow
satisfy > please > delight
search > experiment > serendipity
seduction > promotion > attraction
socialism > capitalism > new economy
style > refinement > grace
succumb > accept > surrender
sufficient > reserve > super-reserve
sympathy > empathy > caring
symptom > cause > source
tangible > intangible > spatial
teach > facilitate learning > create
learning environment
thesis > antithesis > synthesis
time > space > universe
touching > moving > profound
traditions > practices > culture
vocabulary > language > communication
want > objective > outcome
wants > needs > values
willpower > commitment > desire
