

Elevating *Your* BUSINESS

Use Networking to Increase Your Net Worth!

S.I.M.P.L.E. Strategies to Turbo-Charge Your Success

How many times have you been in a situation where someone asks, "what do you do?" and you've felt awkward, uncomfortable, or just gone blank? Or sometimes, you introduce yourself and then later, kick yourself for not providing a "good enough" answer? If someone asks you what's unique about your business, do you know?

Successful networking starts with your ability to communicate how what you sell will benefit your potential clients. If you're not getting the response you want, which is having someone asking you questions about your business or reaching out and handing you THEIR business card, then this class can help you turn your networking efforts around.

It's time to network with extreme confidence!

In this best practices briefing, you will:

- ✓ Learn why you need a USP and what it is.
- ✓ Showcase your uniqueness to your fellow members.
- ✓ Discover how to quickly set yourself apart from the competition.
- ✓ Introduce yourself in a memorable fashion in 7 words! (with our template)
- ✓ Create a 2 sentence Business Benefits Snapshot (or Position Benefits Snapshot) that will get you noticed.
